

---

# JOE MAPSON CONSULTANT

---

## Qualifications

BA hons in Theatre from  
Dartington College of Arts

Plasa NRC level 2

Irata Level 1

PPE inspection - Competent  
person

## Main Responsibilities

To consult in all aspects of technical systems design, specialising in stage engineering systems.

## Experience

Joe has a wealth of theatre production experience, from touring and venue base technical management. Having previously worked as Senior Technical and Operations Manager for Bristol based Circus school Circomedia, Joe has a specialism in circus rigging and production. Over eight years of technical management Joe helped transform Circomedias' St. Pauls' Church venue into one of Bristol's most technically versatile training and performance centres.

Joe has also worked extensively as an NCR production rigger and spent many years looking down from the roofs of tall buildings.

## Consultancy Work

Colston Hall, Bristol; The Perelman Center for Performing Arts at the World Trade Center, New York; Leeds Beckett University, Leeds; The Bloomsbury Theatre; London; Southern Repertory Theatre; New Orleans; Bristol Old Vic, Bristol; Hall for Cornwall, Truro; Round House Theatre, MD, US.
