

STEVE GREEN

PRINICPAL, GLASGOW STUDIO

Qualifications

MSc in Architecture:
Advanced Environmental
Energy Studies

Main Responsibilities

Responsible for the day to day operations and business development of our Glasgow studio in liaison with senior management team. Project management and providing consultancy in all aspects of theatre design.

Experience

Steve has over ten years' experience as Technical Director at the Scottish Opera, and a further four as Technical and Operations Director where he had overall responsibility of the technical department, companywide Health and Safety and IT.

Steve was the client representative for the Theatre Royal, Glasgow (completed in January 2015, which included the development of new foyers, bars, café, education and hosting suites (cost: approx. £11m). Part of Steve's role was to ensure the effective delivery of the development without compromising either the operational requirements of the theatre operator (ATG) or the client's expectations (Scottish Opera). In addition, Steve was personally responsible for the detailed design of a new seating layout for Stalls and Dress Circle auditorium levels and management of installation over a summer closure period.

Steve recently acted as Project Manager on behalf of English National Opera to redevelop the Grade I listed foyers and bars of the Coliseum to encompass commercial catering operations.

Steve also has experience in a variety of consultancy commissions in Health and Safety and sustainability, including three years as H&S Advisor for Scottish Chamber Orchestra, Edinburgh International Festival fireworks concert in Princes Street Gardens Edinburgh.

Steve is a keen Eco-self-builder and has completed the development two low energy homes.
